This deponent with the company to which deponent belonged was again called out and marched as far as Albany at this time it was a general tour out at Albany, General or Colonel VanRensselaer ordered this deponent to take with him twelve men whom this deponent commanded and march back to Claverack and stand guard from Hudson to Clavarack and guard the property of the Inhabitants in that region and in case of meeting any suspicious person either by night or by day to apprehend such and carry them before the committee of vigilance this deponent says that for three years this deponent had command of the guard that was stationed in that part of the county whose duty it was to patrole [patrol] the roads and guard the public stores belonging to the United States and to apprehend all suspicious persons and to carry such before the committee for examination during all which time of those years from 1777 till 1780. This deponent was engaged in no civil pursuits whatever but continued on guard in the United States service .

This deponent says that during the period of standing guard and thinks the second winter that this deponent stood guard in 1778 he froze his feet very bad and has been lame ever since and still continues lame from the effects of the frost that effected his feet.

This deponent further says that he did the greater part of his active duty in this part of the county now called the County of Columbia in the Town of Claverack and in the manner of Livingston and in Hudson along the East Bank of the Hudson River. I had a written commission duly sealed but I have lost the same and as I am informed and verily believe the same was torn up by one of my children many years ago and I therefore can produce no documentary proof of some of my services performed during the Revolution but I would refer to John A. Smith of the Town of Claverack for proof of part of the services performed by me during said war of the revolution.
