

Pension Application for Stephen Roe

W.18829 (Widow: Rebecca) Married February 19, 1784. Stephen died November 9, 1838.

Declaration of Stephen Roe.

I Stephen Roe resident in the county of Ulster and State of New York aged sixty nine years enlisted for the term of one year and as near as I can recollect I enlisted the last of February or the first of March in the year 1776 at Stillwater Saratoga County and State of New York in the company commanded by Capt. Job Wright in the Regiment commanded by Goose VanSchaick Colonel in the line of the State of New York on the Continental establishment the said regiment was stationed at Fort George in the State of New York to defend the frontiers from the invasion of the savages at which place towards the close of the campaign I being a waiter to Doct Daniel Budd, Surgeon of said regiment the said Surgeon having towards the close of the campaign obtained leave of the commanding officer of the regiment to visit his family residing at Schoharie obtained permission for me to attend him but I being taken sick at Stillwater I was not able to return with him to the camp in consequence of which I was permitted to continue at Stillwater till I was able to join the regiment but did not recover my health till the close of the campaign at which time I was discharged at Stillwater the above statement is according to the best of my recollection.

The following are the reasons for not making earlier application for a pension Colonel Josiah Hasbrouck who was a resident in the same town and County with myself viz the town of Plattekill County of Ulster in the State of New York and with whom I was intimately acquainted and who at the time the act was passed by Congress for granting pensions to indigent persons who served nine months or upwards at one period of enlistment in the Revolutionary War on the Continental establishment was a representative in Congress.

I not understanding what the words (Continental establishment) shortly after the Colonels return from Congress I applied to him for information he informed me that the meaning was all those who served nine months or upwards after the declaration of Independence were on the Continental establishment but those who enlisted previous to the Declaration of Independence were donated state troops and were in consequence debarred from the pension act after the Colonel gave me the above information I informed him when and where I enlisted and that I had it in contemplation to go to Saratoga County, where I enlisted in quest of witnesses to my services it being rising a hundred miles from my place of residence he replied that he thought it would be of no avail for me to go spend my time and money he thought it useless since the regiment I belonged he thought was raised by the state I therefore confiding in the Colonels opinion gave over the pursuit until last fall in the year 1826, hearing that the regiment to which I belonged was on the Continental establishment I was induced to proceed—

And in pursuance of the act of the 1st of May 1820, I do solemnly swear that I was a resident Citizen of the United States on the 18 day of March 1818, and that I have not since that time by gift sale or in any manner disposed of my property or any

part thereof with intent thereby so to diminish it as to bring myself within the provisions of an act of congress entitled an Act to provide for certain persons engaged in the land and naval service of the United States in the Revolutionary War passed the 18th day of march 1818, and that I have not nor has any person in trust for me any property or securities contracts or debts due to me nor have I any income other than what is contained in the schedule hereto annexed and by me subscribed.
