Reference is made to your letter in which you request information regarding John, Richard and William Warren, who received land grants from the State of New York before 1794, also, the record of William Whitehead who received a similar grant, whose land was bought by a Warren.

A search of the Revolutionary War records has been made and no claim for pension or bounty land found which was made to the United States on account of service of a Richard or William Warren who served from New York, nor has such a claim been identified as that of any particular John Warren of New York. The claim for pension has been found of only one William Whitehead of New York. His record is furnished you herein as shown in the papers on file in that pension claim, W.20126, based upon his service in the Revolutionary War. Your citations regarding land grants do not pertain to the records of this office, but, probably to New York State records.

The date and place of birth of William Whitehead, and the names of his parents are not shown, nor is his residence at the time of his enlistment in the Revolutionary War given.
